# / Online register information

If you would like to view your entries in the Register of Driver Fitness („Verkehrssündenkartei"), you can obtain information free of charge.

In the Register of Driver Fitness, legally binding decisions on traffic violations and driving license measures are stored. Registered violations are assessed according to type and severity with points and deleted again after certain periods. In the information provided by the register, you can see your current point status - the driving license authorities are responsible for determining points and measures according to the driving suitability assessment system.

You can easily submit the application online to receive your register extract directly as a PDF file to download. All you have to do is authenticate yourself with authenticate yourself with your identity card. Alternatively, you can the information - also free of charge - by post or from the KBA on-site service in Flensburg. You can only request the extract for yourself.

/ What you need

Requirements for online register information

Your online ID card*

+
